

Code of Conduct

Promote professionalism and responsibility:

- Manage time and resources efficiently, responsibly and safely
- Abide by your profession's code of ethics/standards and seek opportunities to improve self and others
- Maintain standards of personal conduct which reflect well upon the Hospital

Concentrate on teamwork, co-operation and communication:

- Work with others to achieve organizational goals
- Approach change in a positive, flexible manner
- Communicate in a sensitive, confidential manner that is easily understood

Display a positive attitude towards work and others:

- Demonstrate initiative and creativity in approaching responsibilities
- Work productively and efficiently

Treat others with respect and dignity:

- Display courtesy and honesty in dealing with others
- Treat others and their ideas with respect at all times

Demonstrate compassion and caring:

- Display empathy towards patients, residents, their families and colleagues
- Maintain a focus on the patient/resident in order to provide quality care
