L'HÔPITAL DU DISTRICT DE GERALDTON DISTRICT HOSPITAL GERALDTON OODENA AAKOZIIWIGAMIG

Greenstone COVID-19 Data

Geraldton District Hospital will be providing updates regarding COVID-19 in Greenstone. The table below will be regularly updated with local COVID-19 positive case information. The information included is provided by the Thunder Bay District Health Unit and the data is inclusive of all of Greenstone and surrounding First Nations communities. More detailed information regarding the locations of cases within Greenstone will not be reported. Cases will be removed from the 'Active Cases" category 14 days after the positive case is reported. Exposure categories will not be reported. All new case information can be found on the TBDHU's website and Facebook page.

If you have any questions related to COVID-19, please contact the TBDHU for more information. Geraldton District Hospital will not be responding to questions in the Facebook comments section.

All patients who have tested positive for COVID-19 have been contacted by the Thunder Bay District Health Unit (TBDHU) and are self-isolating at home to prevent further spread of the virus. The TBDHU is completing thorough contact tracing and will contact those who are considered high risk contacts of the individuals who have tested positive for COVID-19.

Asymptomatic individuals are not being tested unless directed to do so from the Thunder Bay District Health Unit.

To limit further spread of COVID-19 in our communities we encourage everyone to follow the stay at home order and follow all Public Health recommendations.
