INDEPENDENT AUDITORS' REPORT

To the Members of Geraldton District Hospital

Report on the financial statements

We have audited the accompanying statements of **Geraldton District Hospital**, which comprise of the statement of financial position as at March 31, 2014, and the statements of operations, changes in fund balances and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibilities for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian Public Sector Accounting Standards and for such internal control as management determines as necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these financial statements present fairly, in all material respects, the financial position of Geraldton District Hospital as at March 31, 2014, the results of its operations, changes in fund balances, cash flows and remeasurement gain (loss) for the year then ended in accordance with Canadian Public Sector Accounting Standards.

See accompanying notes to the financial statements.

The Geraldton District Hospital was incorporated under the laws of Ontario as a corporation without share capital on September 14, 1939. Its principal activity is to provide specialized and general hospital-based health care to the people of Greenstone and Northwestern Ontario. The Hospital is a registered charity under the Income Tax Act and accordingly is exempt from income taxes, provided certain requirements of the Income Tax Act are met.

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with Canadian Public Sector Accounting Standards for Government not-for-profit organizations.

(a) Revenue recognition

The Hospital follows the deferral method of accounting for contributions which include donations and government grants.

Under the Health Insurance Act and Regulations thereto, the Hospital is funded primarily by the Province of Ontario in accordance with budget arrangements established by the Ontario Ministry of Health and Long-Term Care. Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. Where a portion of a grant relates to a future period, it is deferred and recognized in that subsequent period. These financial statements reflect funding approved by the Ministry with respect to the year ended March 31, 2014.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Investment income is recognized as revenue when earned.

Revenue from the Provincial Insurance Plan, preferred accommodation, and marketed services is recognized when the goods are sold or the service is provided.

Contributions received for the purchase of property, plant and equipment are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related property, plant and equipment.

(b) Contributed services

A substantial number of volunteers contribute a significant amount of their time each year. Because of the difficulty of determining the fair value, contributed services are not recognized in the financial statements.

(c) Inventory

Inventory is valued at the lower of cost and net realizable value. Cost of supplies is determined on a first in first out basis. Cost of pharmacy is determined on a weighted average cost basis.

(d) Cash

Cash includes cash on hand and in banks.

(e) Property, plant and equipment

Purchased property, plant and equipment are recorded at cost. Contributed property, plant and equipment are recorded at fair value at the date of contribution. Assets acquired under capital leases are capitalized and amortized over the estimated life of the assets or over the lease term, as appropriate. Repairs and maintenance costs are charged to expense. The cost of renovations to the hospital buildings, which significantly increase useful life and capacity are capitalized. Betterments which extend the estimated life of an asset are capitalized. When a piece of property, plant and equipment no longer contributed to the Hospital's ability to provide services, its carrying amount is written down to its net realizable value.

Property, plant and equipment are amortized on a straight-line basis using the following annual rates:

Building and building service equipment	3% - 5%
Equipment, furnishings and computer system	5% - 50%
Land improvements	10%
Leasehold improvements	10%

(f) Compensated absences

Compensation expense is accrued for all employees as entitlement to these payments is earned, in accordance with the Hospital's benefit plans for vacation, sick leave and retirement allowances.

(g) Employee benefits

The Hospital accrues its obligations under employee benefit plans and the related costs. The Hospital has adopted the following policy:

The cost of retirement benefits earned by employees is actuarially determined using the projected unit method pro-rated on service, retirement ages of employees and expected health care costs.

(h) The Residents' Trust Fund

The Residents' Trust Fund consists of amounts held in trust for the residents of the Geraldton District Hospital. These funds are not reflected in these financial statements (see note 9).

(i) Management's estimates

The preparation of financial statements in conformity with Canadian Public Sector Accounting Standards, for Government Not-for-profits, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates and assumptions are determined using a consistent approach year over year. Management believes that the estimates utilized in preparing its financial statements accounting standards for Government not-for-profit organizations.

(j) Restricted Benefits Fund

Geraldton District Hospital has adopted an administrative services only funding arrangement for a group insurance plan provider. Under the arrangement, the Hospital manages its benefit premium changes as a form of self-insurance. This fund consists of reserve and deposit account balances which have been contributed proportionately by the Hospital and its employees.

(k) Capital Expenditure Reserve Fund

This reserve is internally restricted and is to be used to finance replacements or additions to buildings, furniture and equipment for Geraldton District Hospital.

(l) Cash

Cash includes cash on hand and in banks.

(m) Financial Instruments

The Hospital accounts for its financial assets and liabilities in accordance with Canadian Public Sector Accounting Standards under CICA Handbook.

Financial instruments are recorded at fair market value on initial recognition. Equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the effective interest rate method.

The Hospital subsequently measures its financial assets and financial liabilities at amortized cost using the effective interest rate method, except for investments in equity securities that are quoted in an active market or financial assets or liabilities designated to the fair value category, which are subsequently measured at fair value. Unrealized changes in fair value are recognized in the statement of remeasurement gain and losses until they are realized, at which point they are transferred to the statement of operations.

Financial assets and liabilities measured at amortized cost include cash, accounts receivable, capital reserve fund investments and accounts payable and accrued liabilities.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year, if there are indicators of impairment. If there is an indicator of impairment, the Hospital determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Hospital expects to realize by exercising its right to any collateral. If events and circumstances reverse in the future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial

2. REMEASUREMENT GAINS OR LOSSES

	March 31, 2014	March 31, 2013
	\$	\$

5. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	March 31, 2014	March 31, 2013
	\$	\$
Accounts payable and accrued liabilities	761,299	639,260
Accrued salaries and wages	612,409	561,593
	1,373,708	1,200,853

6. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent the unamortized amount of donations and grants received for the purchase of plant, property and equipment. The amortization of deferred capital contributions is recorded as revenue in the statement of operations.

	March 31, 2014	March 31, 2013
	\$	\$
Balance, beginning of year	3,046,481	3,402,485
Additional contributions received	138,146	7,055
	3,184,627	3,409,540
Less amounts amortized to revenue	349,832	363,059
	2,834,795	3,046,481
Represented by		
Deferred capital contributions for building and equipment	2,834,795	3,046,481

Of the amortization above, \$348,556 is included on the Statement of Operations as amortization deferred capital contributions. The remaining \$1,276 is included in revenues of the Other Programs (note 14) to Nakina Clinic.

7. EMPLOYEE FUTURE BENEFITS

The Hospital provides extended health care, dental and life insurance benefits to substantially all full-time employees. One employee group is entitled to continue to receive these benefits upon early retirement until they reach age 65.

At March 31, 2014, the Hospital's accrued benefit obligation relating to post-retirement benefit plans is \$642,000 (2013 - \$615,000)

The significant actuarial assumptions adopted in estimating the Hospital's accrued benefit obligation are as follows:

Discount rate	4.69%
Dental benefits cost escalation	4.00%
Medical benefits cost escalation - extended health care	8.75% in 2014 decreasing by 0.25% per annum to an ultimate rate of 5.0% per annum.

Included in employee benefits on the Statement of Operations is an amount of \$45,400 (2013- \$31,700) regarding employee benefits. This amount is comprised of:

	\$
Additional benefits expense for year	72,400
Payments made during the year by the Hospital on behalf of retirees	45,400
	27,000

8. INVESTMENT IN PROPERTY, PLANT AND EQUIPMENT

(a) Investment in property, plant and equipment is calculated as follows:

	March 31, 2014	March 31, 2013
	\$	\$
Property, plant and equipment	9,375,701	9,492,756
Amounts financed by deferred capital contributions	(2,834,795)	(3,046,481)
	6,540,906	6,446,275

(b) Change in net assets investment in property, plant and equipment is calculated as follows:

	March 31, 2014	March 31, 2013
	\$	\$
Shortfall of revenue under expense		
Amortization of deferred capital contributions	349,832	363,059
Amortization of property, plant and equipment	(1,032,330)	(974,076)
Gain/(Loss) on disposal of property, plant and equipment	1,100	965
	(681,398)	(610,052)

Of the amortization above, \$1,030,631 (2013 -\$972,663) is included on the Statement of Operations as amortization. The remaining \$1,699 (2013 - \$1,413) is included in expenses of the Other Programs (note 14) to Nakina Clinic.

(c) Net change in investment in property, plant and equipment:

	March 31, 2014	March 31, 2013
	\$	\$
Purchase of property, plant and equipment	915,275	713,849
Amounts funded by		
Capital Contributions - donations and other	(1,548)	(7,056)
Proceeds on disposition of property, plant and equipment	(1,100)	(2,000)
Ontario Ministry of Health and Long-Term Care	(136,598)	
	776,029	704,793

9. RESIDENTS' TRUST FUND

The balance held in trust at year-end was \$1,699 (2013 - \$1,734).

10. CHANGE IN NON-CASH OPERATIONAL BALANCES

The net change in non-cash operational balances related to operations is represented by the following:

	March 31, 2014	March 31, 2013
	\$	\$
Accounts receivable	(52,806)	62,586
Receivable from Ontario Ministry of Health and Long-Term Care / Note receivable from The McCausland Hospital	-	200,000
Inventory of supplies	4,487	5,922
Prepaid expenses	(5,474)	39,630
Accounts payable and accrued liabilities	172,855	(141,960)
	119,062	166,178

11. PENSION PLAN

Most of the employees of the Hospital are members of the Hospitals of Ontario Pension Plan (the Plan), which is a multi-employer defined benefit pension plan available to all eligible employees of the participating members of the Ontario Hospital Association. Plan members will receive benefits based on the length of service and on the average of annualized earnings during the five consecutive years prior to retirement, termination or death, that provide the highest earnings.

Pension expense is based on Plan management's best estimates, in consultation with its actuaries, of the amount required to provide a high level of assurance that benefits will be fully represented by fund assets at retirement, as provided by the Plan. On January 1, 2014 the contribution rates were 6.9% (2013 - 6.9%) up to last year's maximum pensionable earnings (YMPE) and 9.2% (2013 - 9.2%) above the YMPE. The funding objective is for employer contributions to the Plan to remain a constant percentage of employees' contributions.

Variances between actuarial funding estimates and actual experience may be material and any differences are generally to be funded by participating members. The most recent actuarial valuation of the Plan as at December 31, 2013 indicates the Plan is 114% funded. Contribution to the Plan made during the year by the Hospital on behalf of its employees amounted to \$465,071 (2013 - \$433,257) and are included in the statement of operations.

12. COMMITMENTS AND CONTINGENCIES

- (a) The Hospital has been named in legal action of which the outcome is not determinable. If any of the actions are successful, it is anticipated that all damages will be covered by the Hospital's insurers.
- (b) The nature of the Hospital's activities is such that there is usually litigation pending or in prospect at any time. With respect to claims at March 31, 2014, management believes the Hospital has valid defenses and appropriate insurance coverage in place. In the event any claims are successful, management believes that such claims are not expected to have a material effect on the Hospital's financial position.

12. COMMITMENTS AND CONTINGENCIES CONTINUED

(c) The Hospital participates in the Healthcare Insurance Reciprocal of Canada ("HIROC). HIROC is a pooling of the public liability insurance risks of its hospital members. All members of the HIROC pool pay annual premium which are actuarially determined. All members are subject to assessment for losses, if any, experienced by the pool for the years in which they were members. No assessments have been made for the year ended March 31, 2014.

Since its inception in 1987, HIROC has accumulated an unappropriated surplus which is the total of premiums paid by all subscribers plus investment income less the obligation for claim reserves and expenses and operating expenses. Each subscriber, which has an excess of premium plus investment income over the obligation for their allocation of claims reserves and expenses and operating expenses, may be entitled to receive distributions of their share of the unappropriated surplus at the time such distributions are declared by the Board of Directors of the HIROC. There are no contributions receivable from the HIROC as of March 31, 2014.

(d) Under the terms of equipment and vehicle operating leases, the Hospital is committed to make minimum lease payments totaling \$14,768 per annum. The lease expiry dates range from April 2011 to October 8, 2016.

(e) Geraldton District Hospital, together with other regional hospitals, has an ASO employee benefit plan for semi-private, dental and extended health care benefits. Under the terms of the plan, the Hospital will pay for certain employee benefit claims not exceeding \$5,000 per year. Any excess claims would be insured.

13. FINANCIAL INSTRUMENTS

Risk and Concentration

The Hospital is exposed to various risks through its financial instruments. The following analysis provides a measure of the company's risk exposure and concentrations as at March 31, 2014.

Credit risk:

The Hospital's exposure to credit risk relates to its accounts receivable and arises from possibility that debtors will not fulfill their obligations under their agreements. This risk is minimized through continuous monitoring of aged user fee receivable balances, providing for an adequate allowance for doubtful accounts, monitoring government service contracts and cash flows. There has been no change in credit risk from that of the prior year.

Liquidity risk:

Liquidity risk is the risk that the Hospital will encounter difficulty raising liquid funds to meet commitments as they arise. In meeting its liquidity requirements the organization monitors its working capital, cash flow requirements and obligations. The organization maintains a target level of available cash to meet liquidity requirement as they come due and has adequate borrowing facilities. There has been no change in liquidity risk from that of prior year.

Market risk:

Market risk is the risk that the Hospital's investments in certificate of deposits and mutual funds are exposed to price risks as these investments are subject to price changes in the open market due to a variety of reasons including market interest rate changes, general economic factors and restrictions of credit markets. The Hospital does not use derivative financial instruments to alter the effects of the risk and mitigates this risk by ensuring no individual investment is significant to the overall financial position of the Hospital by limiting investment to a nominal percentage of the total investment portfolio.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of the Geraldton District Hospital ("the Hospital") are the responsibility of the Hospital's management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards for government not-for-profit organizations established by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants. A summary of the significant accounting policies are described in Note 1 to these financial statements. The preparation of the financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Hospital's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Board of Directors meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements

The financial statements have been audited by Calam Rossi Chartered Accountants LLP, independent external auditors appointed by the Hospital. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Hospital's financial statements.

President, Board of Directors
