### **Maintenance Technician Permanent Full-Time**

As a Maintenance Technician, you may perform routine preventative and demand maintenance activities within the exterior and interior of the building. Under general supervision, you may perform a variety of semi-skilled maintenance and repair work on facility structural and mechanical systems/components to ensure the safety and efficient operation of building systems and equipment.

You may perform a wide range of general maintenance duties including maintenance and repair of drywall, floors and painting. Additional duties may include minor plumbing repair; minor repairs on equipment; checks on equipment for pressure and temperature; disassembly of equipment for cleaning; lawn care and snow removal. **On-call duties are required.**

**Salary Range:** \$31.14-\$32.73 per hour (commensurate with qualifications and experience)

### **Qualifications and Experience**

- Secondary School Diploma or equivalent combination of education and experience.
  - Red Seal Certification strongly preferred and will be prioritized.
- Other trade certification or relevant maintenance experience will also be considered.
- Experience and ability to complete minor carpentry work, painting, equipment repairs, plumbing repairs, etc.
- Basic knowledge and understanding of building automation systems (BAS), preferably Delta, and equipment including HVAC systems, refrigeration systems, boiler systems, plumbing and sewer systems, food service, laundry and housekeeping equipment.
  - Experience working as part of a team in provision of service to customers.
    - Bilingualism in both official languages is an asset.
  - Knowledge and understanding of Indigenous cultures/languages is an asset.

If you are interested in combining a fulfilling lifestyle with a challenging opportunity, please submit your application and resume in confidence to:
